

AER Neurological Visual Impairment Division

Greetings NVID!

It's going to be a very busy summer! See below for exciting opportunities to connect with other professionals (in-person! finally!) and learn, learn, and learn, about all the great things going on in the world of CVI research, services, and resources.

AERBVI - "GATEWAY TO COMMUNITY" BIENNIAL INTERNATIONAL CONFERENCE - ST. LOUIS

Join us Wednesday, July 20th for our Symposium (Pre-Conference) Full Day Session **"Learning from Children and Adults with CVI about How They Live their Best Lives"** Hear from adults living and learning with CVI and learn about accommodations and resources across the spectrum of individuals with CVI. Check out more information and speakers can be found [here](#).

[Register Here!](#)

We will also have a division meeting during the conference - keep an eye out for more information in our next blast.

PERKINS CVI COLLABORATION FOR CHANGE CONFERENCE -June 26-28 - BOSTON, MA

The Perkins School for the Blind invites you to join leading experts in the CVI community on June 26-28, 2022, to learn about current CVI research, promising practices, and advocacy. This conference focuses solely on CVI and is bound to be an amazing wealth of information and innovation.

Register [here!](#)

The American Conference on Pediatric Brain-based Visual Impairment (PCVI) hybrid - July 28 - 29 Omaha, NE

This conference advances knowledge of PCVI through the multidisciplinary sharing of research, education, and information. The [agenda](#) offers presentations and discussions with outstanding CVI leaders. [Registration](#) is now open! See the site for more details.
